

Scholarship for NISH students

NISH has constituted a Scholarship Committee with the Executive Director as its chairperson and the HODs of the different academic programs as its members.

Selection Process:

The students do not have to apply for scholarship but the committee will determine the need and award scholarships every year.

The committee reviews information regarding the available funds at the beginning of the academic year. The funds received are amount available from endowments set up for the specific purpose of scholarships and one-time donations received from individuals and entities.

The committee determines the number of scholarships to be granted for degree students and pre-school students

The committee requests inputs from the class coordinators and pre-school teachers regarding students who are in their class who are academically doing well but economically deserving.

The scholarship committee reviews the cases and the recommendation and ranks the children who will be awarded the scholarship for the current year. The Executive Director approves the list based on the recommendations.

The decision of the scholarship committee is final.
